

Truckee River Is Again Opened To All Legal Fishing

New Law Opens River In Area Ordered Closed By Commission

Among other new state laws which went into effect yesterday was the one reopening a closed section of the Truckee River between Hirschdale and the Nevada state line to all legal fishing.

The state fish and game commission, despite the protests of sportsmen throughout this region, had ordered that portion of the river closed to all but users of artificial lures. The year before the same commission had defied the wishes of the sportsmen and closed the section from Truckee to Boca.

As a result of the arbitrary action, Senator Harold Johnson of Roseville, at the request of local sportsmen, introduced a bill which denied the commission the right to close any portion of the Truckee River to exclusive use of artificial lures. The bill passed both houses and was signed by Gov. Goodwin J. Knight.

There was some unofficial discussion as to whether the ruling of the commission would supercede the action of the legislature for the balance of this season, but it was determined that the law goes into effect immediately and no issue was made of the question.

The move to have the Truckee River kept open with other streams for the use of all legal fishing was sponsored and fought for by the Truckee Outdoor Sportsmen.

The action was sparked by the North Tahoe Community Club, Inc., of which P. M. Burroughs is chairman of the committee.

The board banned building permits in three subdivisions until the matter is settled.

Hooper and Dolley had been partners in the mortuary business here since 1945 and since 1947 had operated the business in its present location on Church street.

Dolley, who announced last week that the sale of the Truckee Hotel, which he owns and later said the deal to sell to Hooper had been called off, will continue in the hotel business but will retain his position as deputy county coroner under Hooper and will assist the latter when the need demands.

Hooper will devote his time to the operation of the mortuary and he and Mrs. Hooper will retain their residence above the mortuary.

Traffic Schedule Changes As Work On Road Speeded

New Work Schedule Goes Into Effect Today As Hours Changed

Construction on conversion of Highway 40 in the Truckee river canyon to a four-lane freeway has reached a point where hours of control must be revised, District Engineer Alan S. Hart announced. The new schedule is effective today.

Traffic controls will be in effect from 7 a.m. and 11:30 a.m. to 12 noon to 4:30 p.m., 5 p.m. to 9:30 p.m. and from 10 p.m. to 2:30 a.m. No work is being scheduled from 2:30 a.m. to 7 a.m. on Saturdays, Sundays and holidays. Traffic will be released from control points on each side of the construction area on a 45-minute schedule and allowed to move through the working area until there is a definite break in traffic flow. Under present conditions this will require from 10 to 15 minutes. Hart pointed out this schedule will mean a delay of not more than 30 minutes for most motorists that arrive at the control point during the time traffic is not moving.

Illegal Shooting In Lake Area Probed

Seventeen windows shot out of the Rolf Wigaard home, a small boy with a bag filled with recently-killed songbirds, and a series of other wanton violations have been reported from the Donner Lake area while juveniles with .22 rifles and BB guns have been raising havoc.

Deputy Sheriff Emery Lander said an investigation at the Wigaard home showed that a BB gun had been used to break windows, but that one large window had been apparently kicked out and the vandals had entered the place and amused themselves by reading comic books. Nothing of value was reported taken.

Lander said reports of shooting in the vicinity have been frequent but that he and other officers have been unable to locate the youths responsible.

Game Warden Erv Single warned that songbirds are protected by law and that anyone apprehended killing them will be arrested and prosecuted, regardless of age.

Recently Ed Myers, a resident of the west end of Donner Lake, reported that a bullet had broken the windshield of his car as he drove along the highway.

Parents have been asked to cooperate with the officers in an effort to end the vandalism before real trouble results.

WATER RIGHT BOARD CANCELS HEARINGS

SACRAMENTO (CNS)—The state water rights board announced today it has cancelled a hearing on several applications for water from the Stampede Site on the Little Truckee River for water for the Washoe Project, along the California-Nevada border.

Applications had been filed by the Sierra Pacific Power Company, the U. S. Bureau of Reclamation and the Washoe County Water Conservation District.

The board said the California-Nevada Interstate Compact Commission is currently negotiating for distribution of water from the Washoe project and the parties requested the hearing on the applications be delayed until the negotiations have been completed.

Mr. and Mrs. Don Pickard expect to leave for Sacramento area within two weeks where he will be employed.

The opening of schools throughout the district calls for extra caution by motorists and attention to law pertaining to school zones and buses. Many youngsters are attending classes for the first time and are entirely unfamiliar with the dangers of trucks and cars. It is up to the drivers to be especially watchful at all times, as a child may unthinkingly dash into the street without warning. The new speed law, effective yesterday, permits a top speed of 25 miles an hour when passing a school building or playground. At the same time older children are expected to use common sense. Standing in streets while awaiting a bus or defying drivers by illegal crossing of streets by these near-adult youngsters sets a very poor example for the tiny tots. It may be smart for a group of older boys and girls to stand deliberately in the path of oncoming vehicles and block a thoroughfare, but it isn't in good judgment and should be discontinued. Cars are exceedingly lethal and in the hands of careless drivers are a most potent weapon. We would urge extreme care by drivers and a little more courtesy by the older students as an example for the younger and we are sure no tragedy will result.

TOSSING CIGARETTE COSTS DRIVER \$50

Tossing a burning cigarette from a car near Floriston cost Phillip Bennett, a motorist from Illinois, \$50 when he appeared before Judge F. W. Wilson in the Truckee Judicial District Court.

Bennett was cited by Forest Service Patrolman William Stewart.

Motorists are being warned of the extremely dry condition of the grass and brush along the highways and the fact that a burning cigarette, fanned by the prevailing winds could easily cause a disastrous fire. The fire which burned over thousands of acres between Boca and Verdi a few years ago was blamed on just such an incident.

Land Withdrawn By U.S. To Provide Squaw Olympics

Mining Claims Will Be Out As Land Withdrawn By Government

Proposed withdrawal of 2024 acres of public land in the Tahoe National Forest from application of the mining laws was announced today by California state supervisor of the bureau of land management at Sacramento.

The application for the withdrawal, which was filed by the secretary of agriculture, was recorded on the public land records in the land office at Sacramento on July 9, 1956. Effect of the recordation was to temporarily ban prospecting and locating of mining claims in the affected area, pending action on the application by the department of the interior.

A 30-day waiting period is provided during which written comments or objections may be submitted by the general public.

The public lands involved are proposed for use in connection with the 1960 Winter Olympic Games and thereafter for public recreation and resort purposes.

A detailed description of the public lands involved in the proposed withdrawal will appear shortly in the federal register and will be posted in the land office at Sacramento and the post offices at Truckee and Auburn.

The Tahoe National Forest is under the supervision of the forest supervisor of the U. S. Forest Service at Nevada City.

School Enrollment Nearly Doubles In 7 Years In District

With the enrollment of 1036 children, the schools of the Tahoe-Truckee Unified School District this year have set a new record and indicates beyond any doubt the steady growth of the area.

The opening of the second week of school in the district showed 615 students enrolled in the four elementary and 421 in the high school.

As a matter of comparison, last year saw a total of 977 in the five schools, 584 in the elementary classes and 393 in the six upper grades. In the previous year, 1955-56, there were 460 in the elementary and 318 in the high school for a total of 778.

During the seven years the district has been formed, the enrollment in the schools has increased to near double. In 1951-52 there were 572 in the combined classes as compared to the 1036 this year.

CAR THIEF TRADES FOR LOCAL AUTO

Mrs. Eve Hallett's car, which had been left parked in front of her home on West Main street, was stolen sometime Sunday morning by a thief who evidently exchanged a similar make car which was reported stolen from Reno an hour earlier. Prospects In Area Good For Opening Of Hunt Season

More Bucks, More Hunters Seen When Season Opens Sept. 21

There will be more bucks on opening day of the deer hunting season, Saturday, September 21, in this district than last and it is expected that there will also be many more hunters.

Game Warden Irwin Single, who has been surveying the area said that in his opinion the percentage of bucks has increased. This opinion is based partly on the number of bucks killed on the highways, which, he said, is greater than for any year he has been in the area. About 100 deer have been killed on highways here this summer.

The deer are reported in excellent condition and are mostly young and fat, the summer season having been good and feeding areas ample for the reduced herds.

There are no changes in the law this season. The season opens September 21 and closes October 27. One buck (forked horn or better) is the limit per person.

Reports indicate that the hunter pressure on deer in the coastal district this year was very much lighter than in the past and some experts believe this was due primarily to the fact that hunters are saving a tag for the mountain deer.

This may be accounted for by the either-sex slaughter last fall when hundreds of hunters who had never before hunted in the mountains learned the difference between the small deer they had been taking in the coastal and valley areas and the big animals in the mountain herds.

The fish and game departments has announced there will be no either-sex hunt this year after the slaughter of last fall when does, fawns and bucks were killed in excessive numbers. The legal wholesale slaughter brought a flood of criticism and as a result it will not be resumed. However, special hunts, in other parts of the state, as approved by board of supervisors, will be conducted.

Wolverines To Open Season Tomorrow

by JOHN FIRPO

The Tahoe-Truckee Wolverines will get their first battle of the 1957 football season tomorrow night at 7:30 when they go up against the Yerington Lions at Yerington. Coach Drakulich states that he is confident that the local team is ready, despite the fact that they have had only six real practice sessions with several of the members being absent from these practices.

A probable lineup is as follows: At end, John Wood and Ken Vaughan; at tackles, Bob Williams and Dennis Rickett; guards, Buzz Trainor and L. J. Robinson; center, Rex Donaldson; quarterback, Craig Robinson; halfbacks, Dick Decker, Dean Holbrook, or Ken Osburn; and at full, Floyd Cooper.

The '57 squad includes three sophomores, 14 juniors, and 11 seniors. The 28-man squad is composed of linemen Doug Ball, Tom Banvard, Steve Cowan, Barry Gratton, Don Henry, Gary Hulbert, Tim Johnson, Joe Romo, Kit Schull, Jim Wainscoat, and Allan Young. Backmen are: Gary Holbrook, Marty Kumble, Larry Reid, Woody Ribal, Damon Wainscoat, and Don Van Hooser.

The Wolverine line averages 159 pounds and the backfield 153 pounds.

Turning to the J.V., Coach Farley has been training 45 potential football players with the emphasis on getting them into shape for the first contest on September 28 with Roseville at home. There are two squads which have been practicing various plays and fundamentals of the single wing and a wing T with an unbalanced line.

TRUCKEE BIBLE SCHOOL

Last Monday several women who are interested in Child Evangelism Fellowship accompanied Mrs. Roy Rhoades to Reno for a day program presented by Mr. and Mrs. Wm. H. Smith and daughter, Carol, whose headquarters are in Boise, Idaho.

We would welcome help and co-operation in at least one or more Good News Club for Truckee. Any who are interested in teaching, playing piano, singing or opening a home for one of these children's meetings, please call Mrs. Rhoades at Luther 7-3716.

Pastor Rhoades will resume the series of messages in the Book of James this Sunday. In the evening hours from 7 to 8 the study of the Book of Jonah will begin.

San Francisco's first telephone exchange went into service on February 17, 1878.

Bert Anderson, who is in the sophomore year there.

In Hospital

Jack Stowe of the Tahoe City State Park is hospitalized as of writing with a throat infection. We hope he will not have to stay too long.

Visit Tahoe

Many of you will remember John Howard and Louise Marsh and their daughter, Nancy, who lived a year each in Tahoma and in Lake Forest. The three were up for the Admission Day holiday and visited the McLanes and other friends. Louise was cook at the school for one winter.

NEWS NOTES FROM TAHOE

By Naomi McLane
Tahoe City, Box, 711. Juniper 3-3187

Potluck
Charles Beardsley has asked me to specially mention the potluck get-together to be held tonight at the Outdoor Chapel in St. Nicholas Hall. Several people are working together to make a winterized chap-

el here and this potluck dinner is to discuss and work out progress on the plans. Norman Mayfield is working on the specific possibilities and making the necessary survey. Every interested person is urged to attend this dinner. It is not too late to phone Eunice Hendrikson at Juniper 3-3972 to find out what is needed at the dinner. Regular church services are continuing at the chapel each Sunday morning at 11 a.m.

Mrs. Knapp Ill
Mrs. Ward Knapp of Lake Forest who has been quite ill for more

than a week was happily surprised by her friends and neighbors who came tramping in bearing gifts and cake and coffee to celebrate her birthday Friday afternoon. The neighbors knew Mrs. Knapp was better but still not up to getting out so they decided to take the party to her. Among the women who made the celebration were Joan Rukhala, Willma Korich, Pearl Snyder, Irene Le Pire and Irene Grahm.

In Sacramento
Mrs. Don Snyder, president of the Women's Club of Tahoe, is spending a few days this week visiting her sister in Sacramento.

Rotary Club
Rotary met Tuesday with but 18 visitors as compared to the usual 30 or so. Another sign that summer is over, 23 local members were present. Lloyd E. Blomquist of the Waahiawa Club of Waiahua, Hawaii, was the visiting Rotarian farthest from home. He presented the Tahoe club with a Waahiawa club banner and in return received a color map of Lake Tahoe. President Warren Porter presided over the brief business meeting.

"THE POINT"—COMSTOCK HOME—SOLD

H. M. Dodd of the H. M. Dodd Realty Company of Kings Beach, has announced the sale of "The Point," the former home of Mrs. H. O. Comstock to Adolphus Andrews, Jr., vice president of Pope & Talbot, San Francisco steamship company for a price in excess of \$100,000.

Comstock Home At Lake Is Sold

Adolphus Andrews, Jr., vice pres-

ident of Pope & Talbot, San Francisco steamship company, has purchased one of the most beautiful estates at Brockway, Lake Tahoe, according to the San Francisco office of Previews Inc., The National Real Estate Clearing House, marketing agents. The sale was reported to be well over \$100,000. August C. Belden, Jr., of Previews, San Francisco, and M. H. Dodd of the M. H. Dodd Company, Kings Beach, Calif., Lake Tahoe, represented buyers and seller.

"The Point," formerly the home of Mrs. H. O. Comstock, was so named because of its spectacular setting. Situated on a private, one-acre peninsula, the land is surrounded by water on three sides. The home is architecturally designed so every room commands a sweeping view of the lake and surrounding mountains.

French Normandy in design, the 7-room, two-story residence is a masterpiece of superlative construction. The exterior, with its gables and massive outside chimneys, gives no hint of the "functional" interior planning. One of its most appealing features is a secluded wall-enclosed courtyard with Dutch-oven barbecue and fireplace where, on festive occasions, whole pigs and turkeys have been roasted. Truly worthy of comment is the wall. Its curved corners have rough-hewn bricks and are ornamented with historically famous hames bells (once used on the narrow mountain roads leading to the Gold Rush country mines). A reminder of Virginia City's mining days is a huge cast iron wheel which has been cleverly set into the wall of the barbecue area to form a screened window.

Regarded by many as a "conversation piece," is the interior of the home. Hand-hewn beams, mellowed pine paneled walls and green marble fireplace grace the huge living room. Floor-to-ceiling bookcases line the end wall, while French doors open to a courtyard on one side and a lakeside terrace on the other. A charming feature of all rooms are the fireplaces in the living room, dining room, library and first floor master bedroom suites. The second floor, which commands even superior views of the lake, has a luxurious master suite complemented by mirrored-door dressing room and sumptuous bath. There is also an additional master bedroom and bath.

Added features of the estate include a double garage and bath, connected to the residence, which has been used as living quarters, plus a charming "guest cottage" with combination living room-bedroom and bath.

The estate was sold completely furnished.

It takes about 833,000,000 sheep to supply the world's need for wool.

NORTH TAHOE

By JUDGE HARRY CHARRISON

Beautiful

Friday afternoon and what a delightful day. Ever since Labor Day it has been perfect and the golf course took on a gala mood as the tournament got underway. The scene was very colorful, and some

of the nation's best were on hand to make it more glamorous.

Season Ends

Well, this is the last real big weekend and at least two big casinos, Bal Tabarin closed last Sunday as did Cal-Neva Lodge. Tom Guren told me that he was well pleased with business through the season. Of course the Crystal Bay will remain open, and also the Monte Carlo will remain open for the time

being. The Crystal Bay Club had some of the best talent that ever was shown here, business in general was not what it could have been through the area until August when things were tops all around. Before that there seemed to be a feeling of uncertainty, but the beautiful weather made up for all that.

Of Pasadena

Marge and Bill Pursley from Ar-

cadia, and Dee Clark are visiting with Wyman and Beverly Williams of Brockway, and by the way the Williams' new home is just completed.

Tah's Better

We do enough grumbling about our roads (county, that is) but for good reason this time we can say something good. Many of our county roads have been fixed and some of them even black topped and now as I look down the road on a Saturday morning, too, they are busy giving us a good entrance to the golf course road which has been bad. Now we can appreciate the good work they are doing.

Visitors

Mrs. W. S. Summers, mother of Dorothy Sipes, was up from Salinas and also Dorothy's sister, Mrs. Dick Smario Duane from Pacific Grove was a visitor also. We had a wonderful visit with these wonderful people.

And More

Charles Redd visited Kings Beach with his dad from Oakland. Mr. Redd senior has been to the Tahoe area several times but even at that he was astonished at the growth especially at Crystal Bay. Charles is a teacher at the Truckee high. Sure nice to have them both.

Engaged

The Hugh Johnsons are up at their home next door to our. Hugh's twin brother, Henry, had just left. These two gents get me all mixed up. I don't know one from the other, but they are a couple of swell guys. Now I hear that their daughter, Karen, announced her engagement to Charles Thomas, and what a ring she has, it's a beauty. The date for the next step has not been announced.

Mother and Dad

Mr. and Mrs. Wynn Powers, mother and dad of Enola De Gregorio, spent 10 most wonderful days at Tahoe visiting with Joe,

Enola and Martha. Joe and Enola are leaving in October for Phoenix, Ariz., where Enola is booked to play the organ for the winter. Joe will be working there also. They are renting their beautiful home for the winter.

Birthday Party

Wee Christine, daughter of the Gordon-Bitlers, had a birthday recently, her third to be exact. A big party was held on the lawn at the Foothill Motel. Presents and cake, ice cream, candy and all kinds of favors made the event delightful. Cute to hear the kiddies sing happy birthday to Christine. Among the guests were Michael Kornazowich, Pat and Mike Sheridan, Denny Porath, Cyd Moore, and of course, the parents got-in on the eats anyway. Happy days, Chrissie.

Guests

Mike and Virginia Kornazowich had as their guests Mr. and Mrs. Shepherdson and two daughters, and Mr. and Mrs. McCurdy, all of Oakland.

In All Winter

Dave Crow and his wife of the Tahoe Biltmore tells us that they will remain here all winter and will live at the De Gregorio home while the latter are away. A swell home for them, too.

At Hawthorne

Tom Sutton of Kings Beach is helping Joby Lewis at Hawthorne. Tom will only be there temporarily while Joby is getting going, which at the moment, is just about as much as he can handle. We are happy to report Helen is coming along slowly but satisfactorily.

On Vacation

Joellyn Ashton is at home in Kings Beach on a two-weeks vacation from Salt Lake City where she is a student nurse. Joie has another year to go before graduating. She is at the Holy Cross Hospital there and just loves it all. She was met at the train in Reno by her mother. The most important item was that Joellyn celebrated her 20th birthday last Tuesday.

Good Weekend

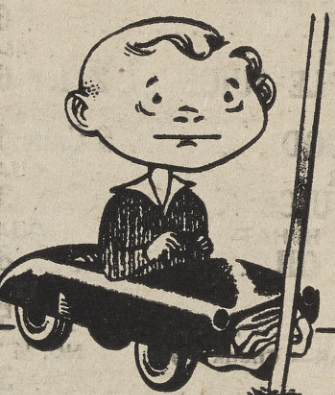

Visitors at the Dave Ashton's last weekend, finished up with a real banquet at Riolo Inn and by all accounts it was super. Besides Dave senior and Dave junior, Bill and Roslie Pappus and their boy and girl, Penny and Peter, from San Jose, Charles Redd and his dad from Oakland, and Joellyn Ashton. There were five others whom I just failed to get their names.

Court News

E. L. Hubbs of Bijou who was arrested on a citizen's arrest on a drunk driving charge in Kings Beach, appeared in court and made a plea of guilty and was fined \$250 and had his driver's license suspended for one year.

Joseph Carroll of San Pedro was arrested by Patrolman E. R. Meixner on a drunk charge and after a plea of guilty was fined \$263 and his license suspended for 30 days.

Nino Matera, Crystal Bay, was charged with hit and run after hitting a car at Chuck Moseley's and proceeded to go to Crystal Bay. He was also charged with speeding and being on the wrong side of the road. He made a plea of guilty to hit and run also being on the wrong side, the speeding charge was dismissed, he was fined \$237. Patrolman R. R. Carpenter made the arrest.

Of considerable interest to their many friends is the marriage of Mrs. Hazel Campbell of Phoenix, Ariz., to Bob Scates, owner of the riding stables near Tahoe City. The ceremony which united these friends of long standing took place in a Carson City chapel on

August 23rd. Congratulations and all good wishes are extended to the newlyweds.

Miss Jo Anne Cunningham, daughter of Mr. and Mrs. James M. Cunningham of Carmichael, was married recently to John David Gaskins, Jr., in St. Matthew's Episcopal Church in Sacramento by Bishop Noel Porter. Mr. Cunningham will be remembered by Tahoe City residents as he was employed at Jay's Tahoe Drug for several years.

The lovely bride, who was es-

corted to the altar by her father, wore an imported chantilly lace gown with long tapered sleeves and train. Her veil fell from a princess crown of pearls and iridescent, and she carried a white prayer book topped with an orchid. Maid-of-honor was Judie Ann Heitkemper, and bridesmaids were Mesdames James Biagi, Kenneth Wolfe and Robert Manas. Michael McGogin was best man. A reception followed the rite at North Ridge Country Club. The newlyweds left on Thursday last following a honeymoon spent at Tahoe Lodge and will make their home in Carmichael. The groom is the son of the John Gaskins, Sr., of Citrus Heights.

Jim Baker and Tex Tollefson of Tahoe and Billie Steenis of Reno were among the local archers to try their luck in the Verdi area over the weekend. They came home empty-handed but saw many bucks. Too far away for a shot. Mr. and Mrs. Harold Stark of Woodland and children, Mary Ann and Darryl were weekend guests at the home of his parents, the Roy Starks at the Dollar Estate. Darryl leaves soon for two years of shore duty with the navy at Pearl Harbor.

Mr. and Mrs. Al O'Reilly who have resided at Mayhew's Ward Creek cottages all summer have left Tahoe for Idaho where they will enjoy two weeks hunting. They plan to return to Tahoe around Thanksgiving time when Mr. O'Reilly may again be employed at Squaw Valley for the winter.

The many friends of Mrs. Sam Goss, Joe Henry and Mrs. Celeste Daniels will be pleased to learn that all are on the mend. Joe was brought home from Tahoe Forest Hospital on Friday last by his wife,

Marie, and is now recuperating slowly but surely at his Tahoe City home. Mrs. Goss at last reports was resting comfortably at Tahoe Forest Hospital where, for several days, she has had a special nurse and has been under an oxygen tent. Celeste was taken to St. Mary's several days ago for a thorough checkup and at last reports was feeling much better but would have to remain for several days more. To all of them we say good luck and a speedy recovery.

Forest Service Patrolman Jack Schindler of the William Kent Campgrounds told me on Sunday that Lloyd Van Sickle of Truckee was the man who ventured into Timberland Tract, about three miles south of Tahoe City (with official permission), and shot the big 500-pound brown bear which has been making life miserable for summer residents of that area. He has been turning over garbage cans at night and appearing in gardens and yards at random, frightening half to death many of the feminine vacationists. He was not the only offender, as there are believed to be four or five who frequent the area, but he was the boldest.

Mrs. George Selkirk and Mrs. Jeannette Mitchell were co-hostesses on Thursday evening last at the Mitchell home in Sunnyside at the cocktail hour and buffet chicken dinner honoring R. B. Scott, Jr., district commercial manager of the Pacific Telephone and Telegraph Company, from Yuba City. The Scotts departed on Sunday after enjoying a two weeks vacation at the Lake where they occupied the Paul Webb home in Tahoe Park.

Those who enjoyed the delectable repast included the honoree and wife, children, Kathy and

Barbara, George Selkirk, manager of the Tahoe City business office of the telephone company, and wife; Mr. and Mrs. George Mead and their houseguest, Mrs. Bobbie Kyle of San Luis Obispo, sister of Mrs. Mead; Mr. and Mrs. Frank Daft of Pineland; Mr. and Mrs. Bill Cannon; Dr. Stuart Dingwall, Dan Franco, Eleanor Swanson and Mr. and Mrs. George Welch, aunt and uncle of Mrs. Mitchell, who are visiting from Alhambra.

Homewood residents will be sorry to learn of the death of Mrs. Lorraine Saunders whose summer home was located across the highway from Callender's Lodge. She had been in poor health for several years and recently was reported a patient in a Yuba City hospital. Few details are available here but burial was reportedly held in that city on September 3.

Miss Nan Dingwall, daughter of Dr. Stuart Dingwall, who spent several months vacation at her dad's Truckee River home, has returned to La Jolla where she will again attend the high school of the same name this semester. Recent guests at Dr. Dingwall's included his son, Bruce and his friends, Mr. and Mrs. Dwight Orr, Jr., all of San Francisco.

Mrs. Elizabeth Walker hosted a cocktail hour and dinner party at her home in Illihee, on the Truckee River, on Saturday evening. The occasion was to honor the birthday of her caretaker, Pete Wilsieff, and the sixth wedding anniversary of Mr. and Mrs. Gregory Browne of Tahoe City. Other guests included Dr. Stuart Dingwall, Jeannette Mitchell and Eleanor Swanson. During the evening her next door neighbors, Dr. and Mrs. Clark Burnham, Jr., and their weekend guests, the Mike Hamiltons of Piedmont, dropped in for a visit.

The summer season has reached its peak and is fast waning. This means the departure of many of Tahoe's summer residents who must close their lake homes and hurry back to get the children in to school, among these last week were the R. Stanley Dollars, Jr., and family, and Dr. and Mrs. Clark Burnham and children, Dary, Bonnie, Dena and Clark, Jr., who returned to Piedmont on Sunday. They did not close their home however, as they will return in two weeks to enjoy a bit of buck hunting in the back country.

Jack Ford and family, and Bob Bingham, his partner in the Sunnyside Water Skiing Concession at Sunnyside Lodge this summer, have left for their homes in San Francisco.

Guests at the Jeannette Mitchell home in Sunnyside over the past weekend were Dan Franco and his three children, Linda, Barry and George. Mr. Franco has just returned from an extended stay in Africa and Spain where he has been employed.

A guest at the Frank Daft home in Pineland is Mr. Daft's sister, Mrs. Evelyn Smith of Columbus, Ohio, and daughter, Jo Lee.

Word was received on Tuesday of last week at the home of Mrs. E. B. King in the Miramar Tract near the Catholic chapel of the tragic death of her son-in-law and his wife, Alice, Mr. and Mrs. Frank Nagle, who were killed instantly near Santa Barbara on Monday night. The Nagles were returning from a vacation to their home in that city when their car reportedly ran headon into a truck on the highway. The Nagles leave five children, including Lincoln Nagle, 12-year-old son of Nagle and Mrs. King's late daughter, Martha King Nagle.

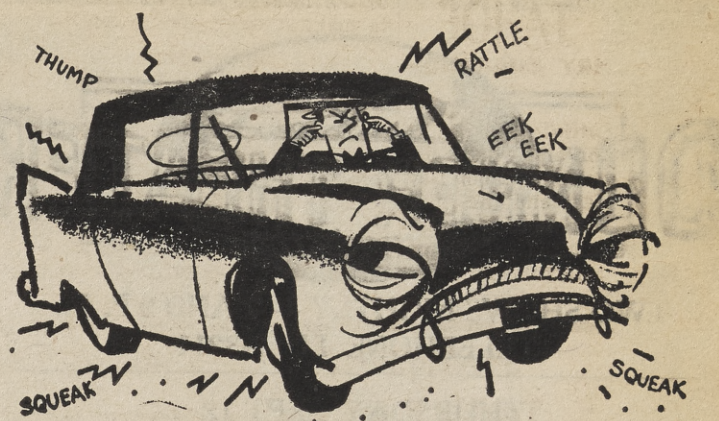

Father Patrick O'Neill, pastor of Truckee and Lake Tahoe and surrounding Catholic parishes announced on Sunday that Archbishop McGovern of San Francisco will visit Truckee on, or about, October 13th to bestow confirmation upon a large class. Starting on Tuesday, September 10, buses will transport Catholic students from the 7th grade up to Truckee after school on weekdays for instruction. The parents are requested to furnish transportation home around 4:30 daily after religious lessons. Father Leo McAllister, who is expected home from his vacation in Ireland on Tuesday will assist Father O'Neill. Father O'Neill has requested adults who have never been confirmed, and wish to do so, contact him at Truckee and arrangements will be made to conduct classes for them several nights a week.

TIMELY TIPS

by MRS. MARIE HENRY

Even if water is available during an emergency, civil defense authorities may ask you not to flush toilets, wash basins, and other fixtures connected with soil pipes. Sewer mains may be broken or clogged, making it impossible to carry off wastes, or water may be vitally needed for fire fighting. Every family should know emergency methods of waste disposal, in case emergencies arise.

Wine vinegar is the original vinegar, the name being derived from the Latin vino meaning wine.

Vernon Resigns In New District Policy

TAHOE CITY—C. W. Vernon, a member of the board of directors of the Tahoe City Public Utility District since March, 1939, turned in his resignation to the last meeting of the board.

Vernon said he was resigning as a matter of policy because the activities of the district have increased to a point where he felt the four appointed officers should not be members of the board. The resignation does not affect Vernon's position as general manager of the district, a position held since 1939, but he is automatically out as board president.

N. R. Mayfield, a member of the board since 1942, was appointed to succeed Vernon as president and a treasurer will be appointed at the next meeting. It is held that the general manager, accountant, treasurer and clerk should not occupy a position on the board.

In other business, the board set the district tax rate at \$1.85 to raise \$15,919, in addition to bond redemption and interest.

It was decided not to attempt installation of a sewer line on Fairway Drive because the project will not be far enough along to permit advertising for bids before bad weather sets in.

The new tax, it was pointed out, is 23 cents higher than last year because of heavier operating costs on the sewer lines during the year. At the next meeting this month, the board will hear a report by Randolph H. DeWante, sanitary engineer.

IN CAPITAL CITY

During the weekend E. D. Sullivan attended a Sacramento birthday dinner given by his daughter-in-law, Mrs. E. J. Sullivan, honoring his son. While in the capital city, the visitor attended the closing day of the state fair.

The G. E. Graham family of Berkeley left for home early this week, after vacationing here.

POT-LUCK DINNER IS SCHEDULED TONIGHT

TAHOE CITY—A get-acquainted potluck dinner is being held tonight at St. Nicholas Hall on the Outdoor Chapel grounds. The Rev. Mr. Gordon Ashbee of Auburn will speak after the dinner. Ashbee has long been connected with the Boy Scout movement both here and in England and is a missionary of the Episcopal Church. Also on the program will be Mr. and Mrs. Hugh Brown. Brown is a bishop's lay reader and Mrs. Brown is head of the Women's Diocese of Sacramento. Everyone interested is urged to attend. Mrs. Charles Hendrickson is in charge of the potluck arrangements. Regular Sunday church services will continue to be held each Sunday at 11 a.m. in St. Nicholas Hall.

Olivers Here—

Mr. and Mrs. Thomas Oliver, former Hobart Mills residents, now residing in Medford, Ore., where Oliver is president of a lumber concern, stopped off in Truckee to visit friends this week while on a vacation trip.

In Arizona—

Mr. and Mrs. Edwin Crandall left last week for Phoenix, Ariz., where they will continue their education at the America Institute of Foreign Trade.

Marriage License—

In Hospital—

Truckee Man Cited
